The only natural

Indignation Caused in Jacksonville by Publication of Libelous Statements in Germany.

The Jacksonville Times-Union says: Prominent German citizens of Jacksonville were indignant yesterday when their attention was called to the fact that the Morgen Journal of New York has been quoted in the Berliner Tageblatt of Berlin, Germany, as "warning the Germans not to emmigrate to the southern states, as they are forced to work by revolvers, and are treated worse than siaves.

The attention of the Germans of Jacksonville was called to the publication by Mr. George E. Herring, Florida passenger agent of the Louisville & Nassville Railroad Company. Mr. Herring yesterday received from A. R. Smith, third vice-president of the Louisville and Nashville Railroad, the following communication:

Cause of the Indignation. A. MERRITT.

"We the undersigned citizens of For sale at all druggists George E. Herring, F. P. A., Jacksonille, Fla.: Dear Sir-Quoted below is a translation of a special telegram sent from New York to the Berginer Tageblatt of Berlin, Germany, and published by that newspaper

# Danderine

GREW MISS LEWIS' HAIR

AND WE CAN

MISS Lewis' hair was very thin and it was less than two feet in length when she began using Danderine. She says her hair and scalp are now fairly

teeming with new life and vigor. That's the main secret of this great remedy's success as a hair grower. It eselivens, invigorates and fairly electrifies the hair glands and tissues of the scalp, causing unusual and unheard-of activity on the part of these two most important organs, resulting in a strenuous and continuous growth

The following is a reproduction of Miss Lewis' last letter:

January 3, 1905.

Dear Doctor Knowlton: You know I told you in my first letter that my hair would not reach much below my shoulders, and that all of it together

only made one tiny braid. I am sending you my photograph, which I had taken at Stevens Bros. It tells the whole story better than I can tell it. Everybody I know is using Danderine, so you see I am doing

something to show my appreciation. Sincerely yours, (Miss) EVA LEWIS.

> Danderine makes the scalp healthy and fertile and keeps i so. It is the greatest scalp fertilizer and therefore the greatest hair-producing remedy the world has ever known It is a natural food and a wholesome medicine for both the hair and scalp. Even a 25c bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

> > NOW at all druggists in three sizes. 25 cents, 50 cents and \$1. per bettle

To show how quickly Danderine acts we will send a large sample free by return mail to any one who sends this advertisement to the Knowlton Darsilver or stamps to pay postage.
